

# TEDDY BEAR & GOLDILOCKS MEET AGAIN!

*Lost & Found* is a twist on the classic folktale *Goldilocks and the Three Bears*. Only this time Teddy Bear is lost in the woods and finds the Lock family cabin. His curiosity prompts him to explore the contents of the cabin's unlocked shed, in which he finds a number of challenging surprises.

Children will be able to compare the similarities and differences of these two charming stories after reading the "older" version of the story before the "new."

This story is certainly JUST RIGHT!

By reinventing folktales, *Lost & Found* aids in helping children develop their composition skills. This twist on a tale is read to the students after reading the classic tale *Goldilocks and the Three Bears*.

**Nancy E. Rewalt** is a retired elementary teacher who taught for twenty-three years in Michigan's public school system. Nancy is the author of the *Aerial the Spider* series, which includes *Aerial: A Spider's Tale*, *Aerial: A Trip to Remember*, and *Aerial Meets Farmer Fedamore*. She is currently working on *Aerial Goes on Holiday Abroad*, which takes place on Loch Ness in Scotland.
